## New Administrator Spotlight

This month's New Administrator Spotlight features Emmelina Logan, the Associate Director of Summer and Winter Sessions at California State University, Sacramento.

# New Administrator Spotlight

**Emmelina Logan**

### **Institution:**

California State University,  
Sacramento

### **Position:**

Associate Director of  
Summer and Winter Sessions

### **Why did you choose to pursue a career in higher ed?**

I've been with CSU Sacramento for 27 years. My career here started with an entry level position in extended education that I took because I wanted and needed a job. Over the 27 years I've seen many changes and challenges in technologies, pedagogical approaches, and student need. Continuing education can play a significant role in enabling learners to pursue their educational goals while balancing other responsibilities such as current career, families and other responsibilities and I wanted to be a part of creating pathways, removing barriers and continued encouragement for them to obtain their educational dreams. Special Session programming such as Summer and Winter sessions have a direct impact on their access to learning opportunities to catch up, stay on track or even advance sooner towards their educational goals.

## NAASS Conference Registration
