**Spring Webinar Series Recap**

We have had an excellent Spring Webinar series thanks to our skilled presenters and attendees.

Thank you for contributing to the growth and professional development of our NAASS community!

As we enter into our busiest season, we look forward to applying the best practices and ideas shared during these webinars.

## New Administrator Spotlight

Each month, we will be featuring one of our New Administrators!

This month we have the pleasure of featuring Erik Johnson:

# New Administrator Spotlight

**Emelina Logan**

### **Institution:**

California State University,  
Sacramento

### **Position:**

Associate Director of  
Summer and Winter Sessions

### **Why did you choose to pursue a career in higher ed?**

I've been with CSU Sacramento for 27 years. My career here started with an entry level position in extended education that I took because I wanted and needed a job. Over the 27 years I've seen many changes and challenges in technologies, pedagogical approaches, and student need. Continuing education can play a significant role in enabling learners to pursue their educational goals while balancing other responsibilities such as current career, families and other responsibilities and I wanted to be a part of creating pathways, removing barriers and continued encouragement for them to obtain their educational dreams. Special Session programming such as Summer and Winter sessions have a direct impact on their access to learning opportunities to catch up, stay on track or even advance sooner towards their educational goals.

Stay tuned for more New Administrator Spotlights!

Last month's issue of the NAASS Beat contained a misprint, featuring our 2025 Conference Co-Chairs instead of our 2024 Conference Co-Chairs. We apologize for this error and would like to recognize the contributions of our current Co-Chairs.
